

Cake Servings and Pricing

For your convenience, I have created this comprehensive pricing guide for cakes. Servings reflect the suggested and standard 1" x 2" x 4" slice (see below).

Pricing reflects a *base* price, which includes a basic buttercream finish. Tiered cakes start at about \$2.50/serving. To receive a quote on specific design ideas, fill out the "Request a Quote" form on the Contact page.

Packages

The following package options have been designed to streamline your dessert options, flavors, quantities and design.

Dessert Bar Collections

Custom collections allow you choose desserts in half-dozen quantities: choose your desserts, flavors, and share your theme, color scheme, or photos to inspire a custom design!

Two Dozen

6-count of any 4 desserts,
coordinating custom design
\$55

Three Dozen

6-count of any 6 desserts,
coordinating custom design
\$80

Four Dozen

6-count of any 8 desserts,
coordinating custom design
\$110

FAQ:

- *Upcharge for cakesicle and mini bundt choices*

Q: Why can't I order this in more than four dozen? A: If you'd like more than four dozen desserts, it's best to place a non-package order for dessert bar items by the dozen.

Q: Does this mean I can order 4 dozen cupcakes in 8 different flavors? A: No. These packages don't allow for single dessert items to be made in multiple flavors; each 6-count item refers to one dessert choice in one flavor.

Wedding Collections

Finding photos of your dream cakes and desserts can be fun. Cake tasting? Even better. But coordinating and ordering all of the servings, design, toppers, and cake flowers can be more of a hassle. These packages allow for full customization of colors, styles, and personal choices, but they also allow me to simplify this process for you! Please note:

- Cake servings in the wedding packages reflect the standard 1" x 2" x 4" slice.
- Delivery is included for 30 miles round trip from Fremont, MI. Add'l miles are billed at \$0.89/mile
- Many buttercream designs fit into these custom cake options, but please note that these package prices would not apply to more complex designs. If you're not sure- just send a photo and ask!
